

Expect More, Achieve More.

At Scarisbrick Hall School we believe that every pupil should have the opportunity to reach, and exceed, his or her academic potential. We are able to deliver this through small class sizes, regular tracking, personal provision and knowing who your child is as an individual, not just a cohort.

As well as a strong academic grounding we believe in a holistic approach to education that develops the social, emotional and academic abilities of your child. Our extensive and comprehensive enrichment programme ensures that every child has the opportunity to succeed.

Scarisbrick Hall School has a culture of achievement and success, where traditional values and respect are combined with innovative teaching and learning. As well as traditional academic subjects the school has a strong Sport and Arts programme. These key aspects are considered when awarding our scholarships.

For the third year running we will be offering a range of scholarships including a 100% fees scholarship for outstanding

academic ability. Other scholarships will be awarded for outstanding achievement; taking into account subject ability and excellence in Sport or The Arts.

In 2010 Lewis Howard from St Helens was awarded our full scholarship for academic achievement. He is now in Year 8 and has taken full advantage of the small class sizes and has embraced the culture of achievement at Scarisbrick Hall School, both in and out of the classroom.

Last year we had a large number of gifted and talented applicants from which we awarded the full scholarship to Megan Turner from Maghull.

Megan has consistently performed well academically and has proven herself on the netball court as an exceptional talent.

We are now accepting applications for this year's Scholarship and Entrance Examination, which take place on Wednesday 25th January. If you have any questions or would like to visit Scarisbrick Hall School please contact Suzie Walmsley on 01704 842240 or alternatively come along to our Candidates' Open Day on Thursday 19th January during 9:00am to 3:00pm.
